

Joint Programming Seminar

Dr. Huub Löffler

Director Wageningen International

GB-member JPI-FACCE

FACCEJPI

www.faccejpi.com

April 19, 2017

Agriculture Food Security and Climate Change

Why JPI

- Establish an European Research Area (ERA)
- National public R&D funding is much larger than EU funding
- *Alignment* of national funding is key for the ERA
- Three instruments
 - ERA-Net: joint calls
 - JPI: + joint vision and strategy
 - Art 185: + joint governance

How Joint Programming?

- Working smart together in Research and Innovation
- Develop a common vision on a specific topic,
- Develop a strategic research agenda,
- Implement the strategic research agenda.

FACCE: Agriculture, Food Security and Climate Change

- Austria
